**DESCRIPTION:** YAAAAA! This is a **Fakir remake** of the Duke Nukem Atomic Edition map **XXXstacy!** I've made it in the **original building style** ya'll love so much. I chose 2 use the original Duke style bacause i've pretty much seen **enough** of this Bobsp shit. I liked Bob's maps, and i liked Ajeland.. ehm.. his maps 2, but i'm now gettin sick of those ' **highly detailed zero gameplay** ' maps .. so.. uhm that's why. I hope more people will make sum really cool maps in the great Duke style! :)
